Art Unit: 3711

Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, lines 10-12 are indefinite. It is claimed that the dartboard body is disposed in the mounting seat. However, this is inconsistent with the specification and drawings which indicate that both the dartboard body and mounting seat are disposed in the dartboard frame one on top of the other, but not one within the other leaving the intent of the claims uncertain.

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 2-7 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Cho, Liang, Chang, Lu et al., Hui et al., Alfrey, Yiu, and Zammuto have been cited for interest because they disclose similar devices.
